

## EMAS BULLETIN SEPTEMBER 2013

The time has come for all EMAS members to take a stand and make YOUR voices heard. Our association holds our **27<sup>th</sup> Annual General Meeting** this October, and we have certainly come a long way over the years. However, there remain many more issues that we hope to lobby our government for. This is where everyone has a part to play.

For those who seek a more passive role, take the opportunity at this once a year event, to turn up and make your membership count! Vote for the committee who will lead EMAS into the future.

For those who are passionate and confident that your contribution will make a difference, we encourage you to step forward and stand for election this time around. The EXCO is hoping to expand the number of members involved in leadership roles in our association, so that in the coming years ahead, EMAS can take on more issues and serve our industry better. This will only be achievable if more members come forward to lend their voices to our quest. For members who are keen to stand for election, please return the attached form to the EMAS secretariat ASAP!
